LEICHHARDT RENOVATION LANDS HIA AWARD

The renovation of a heritage cottage in Leichhardt has been recognised at the annual New South Wales Housing Industry Association (HIA) Housing Awards.

Design and construction company Ultra Developments were awarded Best Renovation or Addition Under \$600,000 for its work on the heritage listed residence.

The renovation from the outside retained the original look, but inside included modern and

environmentally conscious features such as a passive solar heating system and water storage tanks.

The former two bedroom property now has three bedrooms, a study and open plan kitchen and dining areas.

Ultra Developments CEO Darien Percy said the project was a great example of his company's work.

"This was a complete project, and we did everything from the design to the construction. The client was very happy with it, and so are we."
